PLASTER OF PARIS
FOR CONSTRUCTION AND INDUSTRY

NATURAL RESOURCES • GLOBAL OPPORTUNITIES

PLASTER OF PARIS APPLICATIONS

Match the plaster to the working process.

BILITON supplies white fine gypsum plaster for compatible construction, casting and manufacturing applications.

Interior Plaster & Repair

Compatible indoor finishing and repair work.

Decorative Cornices

Cornices, ceiling details and ornamental castings.

Model & Art Casting

Models and decorative forms.

Ceramic Moulds

Evaluate the proposed grade against mould requirements.

Prefabricated Elements

Selected gypsum components and cast elements.

Industrial Moulding

Compatible processes after technical review.

Selection Starts with Your Application

1

Working Time

Assess the setting window to match your process.

2

Water Ratio

Use the appropriate water-to-plaster ratio.

3

Finished Product Requirements

Consider surface finish, detail reproduction and performance for your application.

Suitability is confirmed against the required setting window, mixing method and performance criteria.
