Product Families

VERSATILE CALCIUM CARBONATE
FOR DIVERSE INDUSTRIES.

COATED CALCIUM CARBONATE

For masterbatch, PVC and selected
non-woven applications.

UNCOATED CALCIUM CARBONATE

For paints, adhesives, sealants and
selected industrial formulations.

EGYPTIAN INDUSTRIAL MINERALS
FOR GLOBAL INDUSTRIES.

COATED & UNCOATED GCC GRADES

**Choose the grade around
your process.**

Particle size, treatment and technical
requirements guide product selection.

COATED GRADES

**C008 • C010 • C012
C015 • C020 • C025**

BIL-GCC prefix applies to all grade codes.

UNCOATED GRADES

**U008 • U010 • U012 • U015
U020 • U025 • U045
U065 • U095 • U150**

Consult the individual TDS for D97, D50 and physical properties.

Applications

VERSATILE SOLUTIONS
FOR MULTIPLE INDUSTRIES

**Plastics &
Masterbatch**

PVC & Compounds

Paints & Coatings

Adhesives & Sealants

**Ceramics &
Construction**

Specification-led Selection

- ✓ Match particle size and treatment to the application.
- ✓ Review the grade TDS and relevant COA.
- ✓ Confirm performance through sample or trial evaluation.

Typical product data. Final specifications are confirmed in the quotation and applicable COA.
