Bentonite

Salt

EGYPTIAN INDUSTRIAL MINERALS
FOR GLOBAL INDUSTRIES.

PRODUCT PORTFOLIO

Seven core mineral supply lines.

Reliable Egyptian minerals for diverse industries,
with consistent quality, flexible supply and
export support.

EGYPTIAN
MINERALS
CONNECTING
MARKETS

Limestone

High-purity supply for
multiple industrial uses.

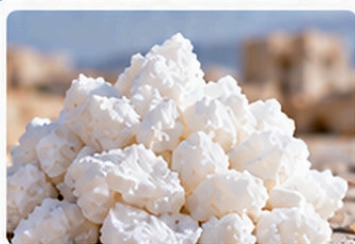

Calcium Carbonate

Coated and uncoated
GCC solutions.

Agricultural Gypsum

Soil improvement and
fertilizer blending.

Gypsum Lumps

Cement and
industrial use.

Plaster of Paris

Decorative and
construction applications.

Bentonite

Drilling, foundry and
industrial solutions.

Salt

Industrial and food-grade supply
according to buyer requirements.

Packing & Supply Formats

FLEXIBLE SOLUTIONS
FOR GLOBAL MARKETS

25 kg bags

Jumbo bags

export

Tailored
commercial offers

Commercial Approach

Application-led review

Understanding your end-use needs.

Grade matching

Right specification for your market.

Packing alignment

Flexible options to meet requirements.

FOB/CIF coordination

Reliable shipping and export support.

EGYPTIAN INDUSTRIAL MINERALS
FOR GLOBAL INDUSTRIES.

LIMESTONE SOLUTIONS

High-purity Egyptian limestone
for multiple industrial applications.

Naturally sourced Egyptian limestone with
consistent quality, supporting a wide range
of industrial needs locally and globally.

*A Natural
Resource for a
Stronger Tomorrow*

Common Applications

Animal Feed

Source of calcium
for livestock feed.

Construction Materials

Used in cement, mortar
and building products.

Glass

Key raw material
in glass manufacturing.

Lime Production

Used in quicklime
and hydrated lime
production.

Water Treatment

Helps in pH adjustment
and impurity removal
in water treatment
processes.

Supply Options

FLEXIBLE SUPPLY
FOR YOUR BUSINESS NEEDS

Selected Grades

Consistent quality
and reliable supply.

Lumps and Crushed Sizes

Available in various
sizes to meet
your requirements.

Tailored Specification Review

Technical alignment
based on application
needs.

25 kg Bags / Jumbo Bags / Bulk

Flexible packing
options for different
market needs.

FOB and CIF Support

Full export
coordination and
documentation support.

A STRONGER
TOMORROW

Main Uses

VERSATILE SOLUTIONS
FOR HEALTHIER SOILS

Soil Conditioning

Improves soil structure and enhances water infiltration.

Salinity Management

Helps reduce soil salinity and improves soil fertility over time.

Fertilizer Blending

Used in fertilizer formulations to improve handling and performance.

Land Reclamation

Supports the development of marginal and desert lands.

Supply Support

FROM SOURCE
TO YOUR DESTINATION

Application Review

Technical discussion to match the right product to your needs.

Selected Grades

Consistent quality and specification-based supply.

Bagged and Bulk Supply

Available in 25/50 kg bags and bulk shipments.

Export-Ready Coordination

Packing, loading and shipment support according to buyer requirements.

Key Buyer Benefits

REAL VALUE
FOR YOUR FIELDS

Calcium & Sulfur Source

Essential nutrients for healthier soils.

Better Soil Structure

Improves aeration, drainage and root growth.

Packing Flexibility

Available in bags and bulk to suit your needs.

Global Shipment Support

Reliable export coordination to your destination.

EGYPTIAN INDUSTRIAL MINERALS
FOR GLOBAL INDUSTRIES.

GYPSUM PRODUCT RANGE

Two practical supply lines for construction and industry.
